

# FY 2022-23

## Biennial Budget Request

### Strong U. Strong MN.

From STEM education and vaccine development, through veterinary medicine and our work on rural mental health – the University’s value for Minnesota has never been higher.

**FY22: \$15.5 million**

**FY23: \$15.5 million**

**Total: \$46.5 million**

### Biennial Budget Request

The University of Minnesota’s biennial budget request aligns with the University’s new Systemwide Strategic Plan: MPACT 2025. It is responsibly sized, strategic, and accountable.

**Biennial Math:** The biennial total is calculated by adding the first fiscal year’s request to the first and second fiscal years’ request:  $FY22 + (FY22 + FY23)$ .

### Committed to and Inspired by Minnesotans

Inspired by Minnesotans, MPACT 2025 and the biennial budget request reflects our commitment to world-class teaching, research, and service, undertaken in the spirit of the University’s land-grant mission to equitably create access and innovation at home and with a global impact.

The biennial budget request will support the University’s key strategic priorities, including:

- Reduce financial barriers to student achievement
- Increase discovery, innovation, and technology commercialization
- Prioritize student research opportunities and advance workforce outcomes
- Recruit and retain diverse students, faculty, and staff
- Increase efficiency in all aspects of operations
